

At Enfield Heights Academy, we are KIND, RESPECTFUL, RESILIENT and BRAVE.
We are the Force for Positive Change.

14th November 2023

Science Selfie: Protecting Our Planet Day

To celebrate '**Protecting Our Planet Day**' on *Thursday 30th November 2023*, we have an exciting challenge for all our budding eco-warriors at Enfield Heights Academy. As responsible students, we know how much you want to make a positive difference, so we are challenging you to take some small actions to show our incredible planet a little more love.

Here are some ideas for ways in which you can help protect our planet.

- Become a **habitat hero** to make your garden a wildlife-friendly space by creating:
 - A mini-Bug Hotel
 - A Bird-tastic Bird Bath
 - A Creepy Crawly Cottage
 - A Logpile Lair
- **Get green-fingered** and plant your own bulbs this Autumn, ready for spring!
- **Grow your own** fruits or vegetables indoors whilst Winter approaches.
- **Reduce, Reuse, Recycle**- you could create a sustainable item or recycle used materials/clothing to create new items with new purposes.

More ideas here: <https://www.natgeokids.com/uk/discover/science/nature/how-to-save-the-planet/>

These are just some ideas but you can get creative and think of your own!

Once completed, take a **selfie** with your 'action' and title it, write your first name and class, along with a short blurb as to how it is protecting the planet. Please *either* print these off as hard copies and hand them into your class teacher or complete on Google Classroom and click '**hand in**' - winners will be selected!

The deadline for handing in your 'Science Selfies' is Tuesday 28th November 2023.

Now, get out there and save the world! 😊
