Maths through stories – 16<sup>th</sup> April 2024

Dear parents / carers,

After the Spring time holiday break, **on Tuesday 16<sup>th</sup> April**, we will be having a day of maths celebrations. We will be focussing on a maths story book called '**365 Penguins**' and take part in a number of different numeracy activities throughout the day in order to reflect the maths within the story.

To really engage ourselves, we are asking for children to come to school dressed in **maths inspired outfits**. There is no need to buy anything, just get creative and plan your costume/accessories during Easter break. We understand that for some children (and parents), non-uniform days can cause unnecessary anxiety and stress so if wearing school uniform is preferred, please do so!

We hope the children will not only enjoy their extended maths learning but also recognise that numeracy is an integral part of everyday life and can be used to solve a number of problems – just like the family face in the story!

If you have any questions regarding this day, please speak to your child's class teacher who will be able to help you.

We thank you for your continued support.

Yours sincerely,

Mrs. Ubor

Maths Lead
