

Tuesday 5th March

The Happy Puzzle Company

Dear families,

We are very lucky to have the Happy Puzzle Company visit us on Thursday 28th March. Children will have the opportunity to explore large 3D team puzzles and fun challenges throughout the day.

Children will develop skills such as their personal learning and thinking skills, building resilience and creating a growth mind set whilst boosting their confidence in the process and raising their own expectations of what they can achieve in the classroom relating to Maths.

Your children will encounter a variety of challenges which require collaborative learning skills with careful strategic planning in order to find a solution. The workshop will teach your child how to persevere, put their own skills to better use as part of a team and overcome difficulties by approaching problems from different perspectives.

In order for your child to take part in the workshop we are asking for a contribution of £1.

Best wishes,

Lydia Pavlou & Gary Collison
Assistant Head Teachers
