## The process of collecting information

Most information is collected via application and contract forms when they start at the Trust, however some is collected and / or amended during the period of employment / appointment.

Whilst the majority of personal information provided is mandatory and essential for the Trust's operational use, some of it is requested on a voluntary basis. In order to comply with the General Data Protection Regulation and the Data Protection Act 2018 we will always inform you whether you are required to provide certain information to us or if you have a choice in this at the point it is collected.

## Storing information

Unless there is a statutory or legal obligation to hold it longer (e.g. records of a pupil's allegation of a child protection nature against a member of staff must be retained until they reach retirement age or for 10 years, whichever is the longer) or shorter (e.g. oral, written and final warnings are kept from 6 months up to 18 months depending on severity), workforce information is usually held in line with Section 2 of the [Limitation Act 1980](#) for a period of six years further to termination of employment. Information relating to volunteers is kept no longer than necessary and relevant for the task to which they are providing support.

Unless there is a business continuity need to keep them longer, email accounts will be deleted one month after the end of contract.

Minutes of governor academy advisory committees and Trustee meetings are kept permanently and as such, by virtue of attending in a professional capacity, records of attendees are kept within.

## Why we collect and use workforce and governance information

### **We use workforce data to: -**

- enable the development of a comprehensive picture of the workforce and how it is deployed allowing better financial modelling and planning
- enable individuals to be paid
- support the effective performance management of staff
- improve the management of academy workforce data across the sector and to enable diversity monitoring (such as ethnicity <sup>8</sup>, disability and gender pay gap)

### **We use governor, trustee, director and member data to: -**

- demonstrate our management structure in a manner which is open and transparent

### **We use both workforce and governance information to: -**

- inform the development of safer recruitment, safer appointment and retention policies
- collate and provide statutory data and census returns
- promote the Trust (via newsletters and social media with appropriate consent)

---

<sup>8</sup> Should they choose to provide it, ethnicity is captured during the application and appointment process and used anonymously for the DfE school workforce census returns, diversity and monitoring purposes only.

Occasionally cameras may be temporarily placed in specific areas for a specific purpose (e.g. to prevent theft or vandalism) and staff / pupils will be notified.

The footage is automatically erased on a regular monthly cycle and is not retained beyond that.

We may however be required to temporarily isolate and disclose CCTV footage to authorised third parties (e.g. the police to assist with crime prevention or at the behest of a court order).
