

25/3/20

Dear Parents,

How have the first few days been?

Here is a timetable of some fun online resources you can use at home with your children. It's amazing how many people have come together to help make this experience more fun for our children.

Try some of them out – try to stick to a timetable of things you do every day and enjoy these additional resources to the ones we have already shared (DB Primary and Home Learning on our website).

I'll let you know of any other good ones I come across.

Sending happy thoughts and handshakes to the children

All the best

Mrs Bacon
