

4<sup>th</sup> January 2021

Dear Parent/Carer,

RE: Home Learning during school closure

As stated in our previous letter - remote learning will start from Tuesday 5<sup>th</sup> January 2021.

### Remote Learning Expectations

**Every day at 9.00am**, all children in years 4,5 and 6 and **every day at 9.30am**, all children in Reception, years 1,2 and 3 will be expected to log onto a Zoom call for registration. Any children who do not log on will be contacted by the school. During this Zoom meeting, teachers will go through the learning that will be set for that day. Learning will cover all areas of the curriculum just like a normal school day and will be differentiated and set accordingly on DB Primary.

Children will then have the rest of the morning to complete and upload their work back onto DB Primary by 3pm. Throughout the course of the day, teachers will be in contact with groups of children via Zoom to give feedback and support children with any misconceptions ready for the next day's learning and also for additional learning sessions.

### Key Worker Hub

For those children attending the Key Worker Hub at Enfield Heights Academy, we will also be logging in to access the daily work set by their class teacher. Staff will be allocated to each bubble and will deliver additional activities in the afternoon.

If you require a school laptop in order to support your child with home learning or have problems accessing the internet, please contact the office to discuss this further.

As always, we value your support with this and will continue to provide the best learning provisions we can via DB Primary.

Kind Regards

Mrs Bacon

Headteacher

Enfield Heights Academy
