Word of the Week –  
astonished

## Photo of the Month

Year 2 have been our first class to have a class assembly for their parents – albeit over zoom – it was lovely for them to share this term's learning.

Year 3 had a zoom call with children in St Vincent who were able to give them first hand experience of life during a natural disaster.

### Pupil Voice

It has been so much fun speaking to small groups of children from each year group about their learning this half term – it's amazing how much they've learnt and wonderful to hear their confident and clear explanations. So proud of them!

**CONGRATULATIONS:** Well done to all the children who received the **Head teachers award** in April and May:

Whole School Attendance – 95.2%  
Let's make it at least 96%

### House Keeping!!!!

- Uniform – I know it's the last half term and we are not expecting parents to buy new uniform at this late stage in the year – however, please make sure your child(ren) come to school looking presentable every day. Black trainers are acceptable until the new academic year.
- Attendance and Punctuality – Every child needs to be a HERO – Here Everyday, Ready to learn, On time. Please support us with this!!!!!!
- All appointments should be confirmed with evidence shown to the office (not the class teacher please)
- There is now a charge for all children who lose their Big Cat Collins reading book, library book or their reading record. Let's continue to help the children to respect the school's property.

### Next half term's learning

Year Reception – Mini and Mega Beasts - From little insects to huge dinosaurs!

Year 1 – Blue Planet - Looking at our world and environment.

Year 2 – Right to Education - Education in England and a contrasting non-European community's education system.

Year 3 – Stones and Bones - Changes in Britain from the Stone Age to the Iron Age and their impact today.

Year 4 – Fit and Fabulous - What do we do to stay fit? A study on food and the different food groups, and how much of each food we should be consuming.

Year 5 – Save The Rainforest - A study of the Mayan civilisation (a Non-European society) and how this compares to Britain and its history.

Year 6 – We Can Change The World - A study about evolution and inheritance.

**Enjoy what I hope is going to be a warm half term - stay safe, Mrs Bacon, Head Teacher**
