Part A: Pupil premium strategy plan

Statement of intent

At Enfield Heights Academy we have high expectations and ambition for all our children. We believe that no child should be left behind or be disadvantaged by their postcode. At Enfield Heights Academy we know that our level of disadvantaged families across the school is much greater than shown in our pupil premium numbers.

We are determined that our children are given every chance to realise their full potential. We aim that they leave Year 6 being able to confidently communicate and articulate their thinking; read and understand a variety of texts and be creative problem solvers and thinkers. We want our children to know that they are a force for positive change and they make a difference in the world.

We focus heavily on communication, vocabulary and reading across the school as we know that these skills are vital to future success in life.

Through an enquiry-based curriculum, quality first teaching, targeted interventions and a focus on equality of opportunity, we are working on eliminating barriers to learning, and ensuring our children have education, opportunity and become valued members of their community.

Our key objective is to use the Pupil Premium Grant to diminish the difference between pupil groups and raise the aspirations of pupils in our community.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Low levels of communication, language and literacy on entry to school.
2	Lack of access to additional learning opportunities and support.
3	High number of EAL families and children.
4	Lack of opportunity to a wide range of life experiences.
5	High socio-economic deprivation – outside of pupil premium.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved communication, language and literacy skills at the end of the EYFS. Improved Language acquisition across the school.	20% increase in Communication Language and Literacy. 30% increase in children achieving ARE in reading and writing.
Improved access to learning and participation in school opportunities for PP children.	25% increase in parental participation. Device and internet access to all that need it. 20% increase in PP children attending school activities.
Improved outcomes for all children including PP children.	30% more children achieve ARE across the school. In year data shows that PP gaps are closing. 80% targeted PP children make accelerated progress.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching

Budgeted cost: £56.780

Further Information (optional)

Our children live in an area of high deprivation, and this is not reflected through the use of the PP measure as many of our families are not entitled to PP and are simply living in poverty.

Everything we do in our school is designed to close the gap for all disadvantaged pupils and their families, giving our children the best possible start in life. Through our curriculum and teaching pedagogy, we aim to develop academic knowledge and skills along with key life skills that prepare children well for their future and give them a pathway out of poverty. Our aim is that all children leave us with a sense of identity, community and aspiration.

Our children are a force of positive change in the world. This philosophy and approach in our school develops an understanding of the world around them and their place in it. If we want a better world, we are the solution.

Our curriculum has been designed with our children and community at its core. It reflects the community that we serve and is planned and organised in a way that meets the unique circumstances of our location and area.

As such we are committed to every pupil in the school setting, ensuring they are safe, happy, confident and succeed.
