

Friday 30<sup>th</sup> June 2023

**Google Classroom Launch September 2023**

**DB Primary finishes today – 30<sup>th</sup> June 2023**

Dear Parent /Carer,

We are excited to inform you that we are moving away from using DB primary and from September, will use Google Classroom for teaching computing skills in school and for home learning in Key Stage 1 and Key Stage 2. This will allow us to provide greater opportunities and a range of different tasks for children.

To facilitate this change, DB primary will stop from today, Friday 30<sup>th</sup> June, to allow the transfer. From September, the use of Google Classroom will allow you and your child to have access to their home learning at any time through the internet and will be accessible online through any mobile device with internet capabilities – including iPhone, iPads and Android devices.

For the last weeks of this academic year, for home learning your child should:

- Read to an adult and be encouraged to talk about their book to ensure understanding.
- Practise their times tables using TTRockstars.
- Use Mathletics to practise their maths skills.
- The older year groups will also have project work which has been set earlier in the term which they should continue with.

Should you have any questions, please ask your child's class teacher.

Kind Regards,

A. Venn

Deputy Headteacher
