

Enfield Heights Academy Learning Web: Year 2 Autumn 2

Gunpowder, Treason and Plot

Force for positive change:

This half term, children will explore the wonderful world of kindness! The children will have engaging discussions on how helping others and showing kindness can make a big difference. They will explore what it means to act kindly, not just towards friends but towards everyone they meet. With fun activities they will learn that kindness isn't just a one-off act; it's a way of life! By the end of this term, each child will be equipped with the knowledge and inspiration to spread kindness far and wide, creating a positive effect in our school community and beyond. We will discuss the importance of being inclusive and acceptant of others and how this has a positive impact on today's society.

Place value

- Read and write numbers to 100
- Count in steps of 2, 5 and 10.

Subtraction

- Show subtraction of one number from another cannot be done in any order.
- Solve problems involving subtraction

Division

- Recall and use the division facts for the 2,5 and 10 multiplication tables, including recognising odd and even numbers.

Geometry

To name and describe properties of 3D and 3D shapers.

English

Reading: Daily guided reading, children, exploring a variety of text types designed to capture their interest and develop their comprehension ability.

Writing:

Narrative- Twisted Tale:

The children will twist one of the traditional tales previously Studied using past tense and expanded noun phrases.

Recount:

Children will write a personal narrative about their visit to the Tower of London.

They will include language features such as: adverbials of time, expanded noun phrases, subordination (when, because) and co-ordination (and, but).

Poetry:

Children will explore different poems about the Bonfire night. Children will rehearse and perform a chosen poem.

Music

This term, they will be refining their use of dynamics when singing the song *Remember, Remember*, enhancing their ability to express emotion through volume changes. To make the performances even more engaging, they will also be learning to incorporate dance into the music, blending movement and song in a fun and creative way.

PHSE: Changing Me

The children will be exploring the theme of celebrating differences. They will learn about assumptions and stereotypes, helping them understand how these affect people. We will also discuss bullying, focusing on recognizing it and the importance of standing up against it

Physical Education

Indoor-Dance

The children will learn to choose and link actions to create short dance phrases that express ideas, moods, and reflect rhythmic qualities. Through group work, they will create short dance sequences, focusing on coordination, control, and the expressive qualities of movement.

Outdoor- Games- Throwing and Catching

The children will be exploring a variety of equipment while creating their own personal best challenges in physical education. They will focus on improving their ability to throw with accuracy and will work collaboratively with partners to enhance teamwork skills. Additionally, students will learn to choose, use, and vary simple tactics during gameplay, applying information to improve their performance.

Spanish

Children will be developing key language skills as they recognise and say numbers 1-10, learn to read numbers, and confidently say their age. They will also be exploring vocabulary to recognise and name parts of the body and parts of the face.

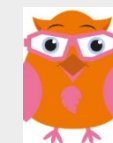

Art:

The children will be taking inspiration from the famous artist Jackson Pollock as they explore creative expression through painting. They will be mixing primary colours to create secondary colours and learning to create a colour wheel.

RE

The children will be exploring Judaism and learning about the significance of key Jewish festivals, such as Shabbat, Rosh Hashanah, Yom Kippur, and Hanukkah.

History

This term, the children will be learning about the historical events surrounding Guy Fawkes and the Gunpowder Plot, exploring why we celebrate Bonfire Night. They will gain an understanding of how King James I enforced a single religion in England and will be recalling the key events of when Guy Fawkes and his co-conspirators attempted to blow up Parliament.

Geography:

The children will be recapping their geography skills by locating and naming the 5 oceans and 7 continents.

Science:

The children will be learning to identify and name a variety of plants and animals in their habitats, including microhabitats. They'll also explore and categorize common animals, such as fish, amphibians, reptiles, birds, and mammals.
