

At Enfield Heights Academy, we are KIND, RESPECTFUL, RESILIENT and BRAVE.
We are the Force for Positive Change.

14th February 2025

Dear Parents / carers,

Re: Notification of parent governor appointments

I recently wrote to you on 4th November 2024 seeking nominations for the position of parent governor.

Where election of governors is required, they may instead be automatically appointed to the advisory committee on occasions where the number of parents nominated / expressing an interest to join is fewer than or equal to the number of vacancies available.

We had two parent governor spaces vacant and had received one nominee at the closing date for receipt of applicants. Therefore, an election is not required on this occasion, and I am pleased to announce that **GLORY OBRUCHE** has been appointed to the Academy's Advisory Committee.

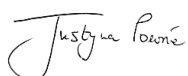

I would like to inform you there is currently another Parent Governor vacancy. Interested candidates may either nominate themselves or propose another eligible parent. However, all nominees are required to complete a Parent Governor nomination form along with a personal statement and submit them to the school office by 31st March 2025.

Further details, including the Information for Potential Parent Governors and the nomination form, are available on the governance section of our website: "Become A Governor"
www.enfieldheightsacademy.org.uk/How-to-become-a-governor. For any inquiries, please contact me via the school office at heights@northstartrust.org.uk or our governance support team at governors@northstartrust.org.uk.

Being a governor can be very rewarding, offering you the opportunity to work as part of a team and to develop new skills. The primary responsibilities of governors include attending regular Advisory Committee meetings and visiting the school. Please ensure that you are committed and available to fulfil these duties before applying.

I look forward to hearing from you.

Your sincerely,

Justyna Powrie
Headteacher
