

27th February 2025

Dear year 3 and 4 parents,

I decided to write to you following today's MTC information session arranged for you.

This session, advertised in News Round Up letters and via multiple text messages, was prepared by Miss Tariq and Mrs Ubor to provide you with an overview of MTC check.

MTC check is a compulsory check for all year 4 pupils in England. Our current year 4 pupils will be sitting it in June and Year 3 children will be taking it next year.

The session was packed with useful tips and resources on practising multiplication at home with your child.

Unfortunately, we had not a single parent turn up to this meeting which is disappointing.

We would like to understand why we found ourselves in this disengaged situation so we could better manage future information workshops for you as parents/carers.

Please could you offer your feedback to Miss Cooper, Miss Tariq, Mrs Ubor (Maths Lead) or myself so we can consider it when planning our next sessions.

The PowerPoint prepared for today's session will be uploaded onto school's website.

Thank you
Kind Regards
Justyna Powrie
Headteacher
