## Year 4 visit to Natural History Museum

Dear Parents/Carers,

This half term, the children will have an exciting opportunity to visit the Natural History Museum for a fun and educational day out! This trip will support their learning in Science and Geography by allowing them to explore real-life displays and animals. As part of their Geography topic, the children have also been learning about London, so this visit will help them make real-world connections to the landmarks and layout of the city. It's a great way to bring learning to life outside the classroom. We're also using this trip as a celebration of all the children's hard work this year—a chance for them to enjoy a special day out together.
