Year 4 Robotics Workshop
Thursday 5th February 2026

Dear parents/carers,

On Thursday 5th February, Year 4 will have the wonderful opportunity to take part in a robotics workshop, led by members of staff and pupils from our Northstar Community Trust secondary school, Heron Hall Academy. The children will have a hands-on experience in building and making robots, and this event comes at no cost to you and your child.

The workshop will happen during the school day and children will wear school uniform and have lunch at school as normal.

Parent Showcase: 3:20pm – 3:40pm

Between 3:20pm – 3:40pm, children will be able to showcase their work to parents and carers. Should you wish your child to showcase their work to you, you must give your consent on Arbor by Friday 30th January.

Please note that children will only be allowed to stay and showcase their work if a parent or carer is present.

Clubs and After School Care will run as normal for children who are not wanting to showcase their work. Collection for these will be as normal.

We are looking forward to this exciting event and hope many of you will be able to join us for the showcase.

Should you have any questions, please do not hesitate to speak to Mrs Ubor or Mr Venn.

Yours sincerely,

The Year 4 Team
