Dear Parents and Carers,

The Big Future Survey – Have Your Child's Voice Heard

We have been asked to support an important national survey called The Big Future, led by the Children's Commissioner for England, Dame Rachel de Souza.

The survey aims to gather the views, experiences and aspirations of children and young people from every community across the country. The findings will help ensure that children's voices are heard by decision-makers and can help shape future policies affecting young people.

As a school, we are keen to ensure that our pupils have the opportunity to contribute and share their thoughts about the future. We would therefore encourage families to support their child in completing the survey.

The survey can be accessed here:

www.childrenscommissioner.gov.uk/thebigfuture

At a time of significant change for children and young people, it is more important than ever that their views are represented. Every response helps build a clearer picture of what matters most to children across England.

The Children's Commissioner has also developed a range of resources, including an introductory video, lesson materials and frequently asked questions, which are available on the website for families who would like to learn more.

Thank you for supporting this important opportunity for children to have their voices heard.

Kind regards,

Headteacher
